

**Pending Projects Memo  
March 2003**

March 13, 2003

To: Delta Protection Commission

From: Margit Aramburu, Executive Director

Subject: Pending Projects Memo  
(For Commission Information Only)

Purpose of the Pending Projects Memo:

The purpose of the memo is to enhance communication throughout the Delta and to let jurisdictions know what projects are being proposed “next door”. No Commission action is required; the Pending Projects Memo is for information only.

Pending Projects Memo:

The attached memo is intended to be informational only, and does not represent analysis of the consistency of the proposed projects with the Commission adopted Land Use and Resource Management Plan for the Primary Zone of the Delta. All newly added projects and changes to listed projects are **underlined/bolded**. The projects included on the Pending Projects Memo are:

- Pending; [projects which are approved will be removed from the list] may include projects that are not “development” as defined in Section 29723(b) of the Public Resources code, again for information only;
- Private, local, State, and federal projects in the Primary Zone; and
- Projects in the Secondary Zone or out of the Legal Delta that would have a direct impact on the land uses and resources of the Primary Zone, for example, a marina.

**Pending Projects Memo  
March 2003**

The Pending Projects Memo includes projects within each of the five Delta counties, plus projects located in more than one county (Multi-County). Additional information about these projects is available in the Commission's office, such as environmental documents, staff reports, planning commission agendas, and meeting minutes. This report is also available on the internet, [www.dpc.ca.gov](http://www.dpc.ca.gov).
